

Overview

Method Name

Enzyme Immunoassay (FEIA)

NY State Available

No

Specimen

Specimen Type

Serum

Specimen Required**Collection Container/Tube:****Preferred:** Red top**Acceptable:** Serum gel**Submission Container/Tube:** Plastic vial**Specimen Volume:** 0.5 mL Serum**Collection Instructions:**

1. Centrifuge and aliquot 0.5 mL of serum into a plastic vial.
2. Send refrigerate.

Specimen Minimum Volume

See Specimen Required

Reject Due To**Specimen Stability Information**

| Specimen Type | Temperature | Time | Special Container |
|---------------|--------------------------|----------|-------------------|
| Serum | Refrigerated (preferred) | 28 days | |
| | Ambient | 7 days | |
| | Frozen | 365 days | |

Clinical & Interpretive

Clinical InformationRefer to www.eurofins-viracor.com/test-menu

Reference Values

Reference ranges have not been established for food-specific IgG tests.

Interpretation

The clinical utility of food-specific IgG tests has not been established. These tests can be used in special clinical situations to select foods for evaluation by diet eliminations and challenge in patients who have food-related complaints. It should be recognized that the presence of food-specific IgG alone cannot be taken as evidence of food allergy and only indicates immunologic sensitization by the food allergen in question. This test should only be ordered by physicians who recognize the limitations of this test.

Performance**PDF Report**

No

Day(s) Performed

Monday through Friday

Report Available

5 to 7 days

Performing Laboratory Location

Eurofins Viracor
